FOR IMMEDIATE RELEASE

Brian Daly Appointed Senior Arborist

LOS ANGELES – May 16, 2006 - Grounds Control is pleased to announce the appointment of Brian Daly as Senior Arborist for Grounds Control, Inc. Mr. Daly will serve as the Consulting Arborist for Grounds Control's operations in the western region (TX, AZ, CA, NV).

Mr. Daly is recognized by the International Society of Arboriculture as a Certified Arborist and has extensive experience in the care and shaping of specimen trees- both decorative and native varieties. Daly is certified to direct shaping, thinning and disease remediation associated with native oak trees as well as other trees used in the landscape palette. Mr. Daly is a graduate of Masters College, and he resides in Santa Clarita, California with his wife and dog "Spot".

Grounds Control provides full service landscape construction and maintenance to commercial and residential developments in Arizona, California and Texas. Grounds Control is a subsidiary company of Sanitors, Inc., which is a diversified facilities services company providing janitorial and security services nationwide. Since Grounds Control inception in 1974, we have been dedicated to partnering with each client to provide professional and hands-on service to meet your total landscape needs.
